

## The new Electronic Gates cost £31,396

That is £31,396 that will be coming out of the school budget.

We would appreciate any donations so that this spend **does not** impact on curriculum resources for our children.

Thank you to the 16 families that have set up a monthly direct debit and to the one family who have given us a single donation.

***Remember you can also make a one off donation to support the school by using the attached form***

*Thank you*

*Friends of Manland*
