- Work
- Presentation
- Behaviour
- Times tables test (summer term)
- Rewards - table points, house points, marble jars, name on the board, head teacher award, letter home, phone call home.

Times tables (MTC)

The times tables check is administered at the end of Year 4 and helps teachers and school leaders identify which pupils are secure in their multiplication tables and which pupils may need additional support to get there.

It is a statutory test.

The Year 4 Times Tables Test is an online test with 25 questions; children must answer each question within a 6 seconds time limit so the whole test will take less than 5 minutes.

The purpose of the MTC is quite simply to check whether pupils know their tables well before their Year 6 SATs performance.

Times tables

The expectation is that by the end of Year 4, children should know their times tables up to 12×12 .
