

An update on this years FOM Campaign...

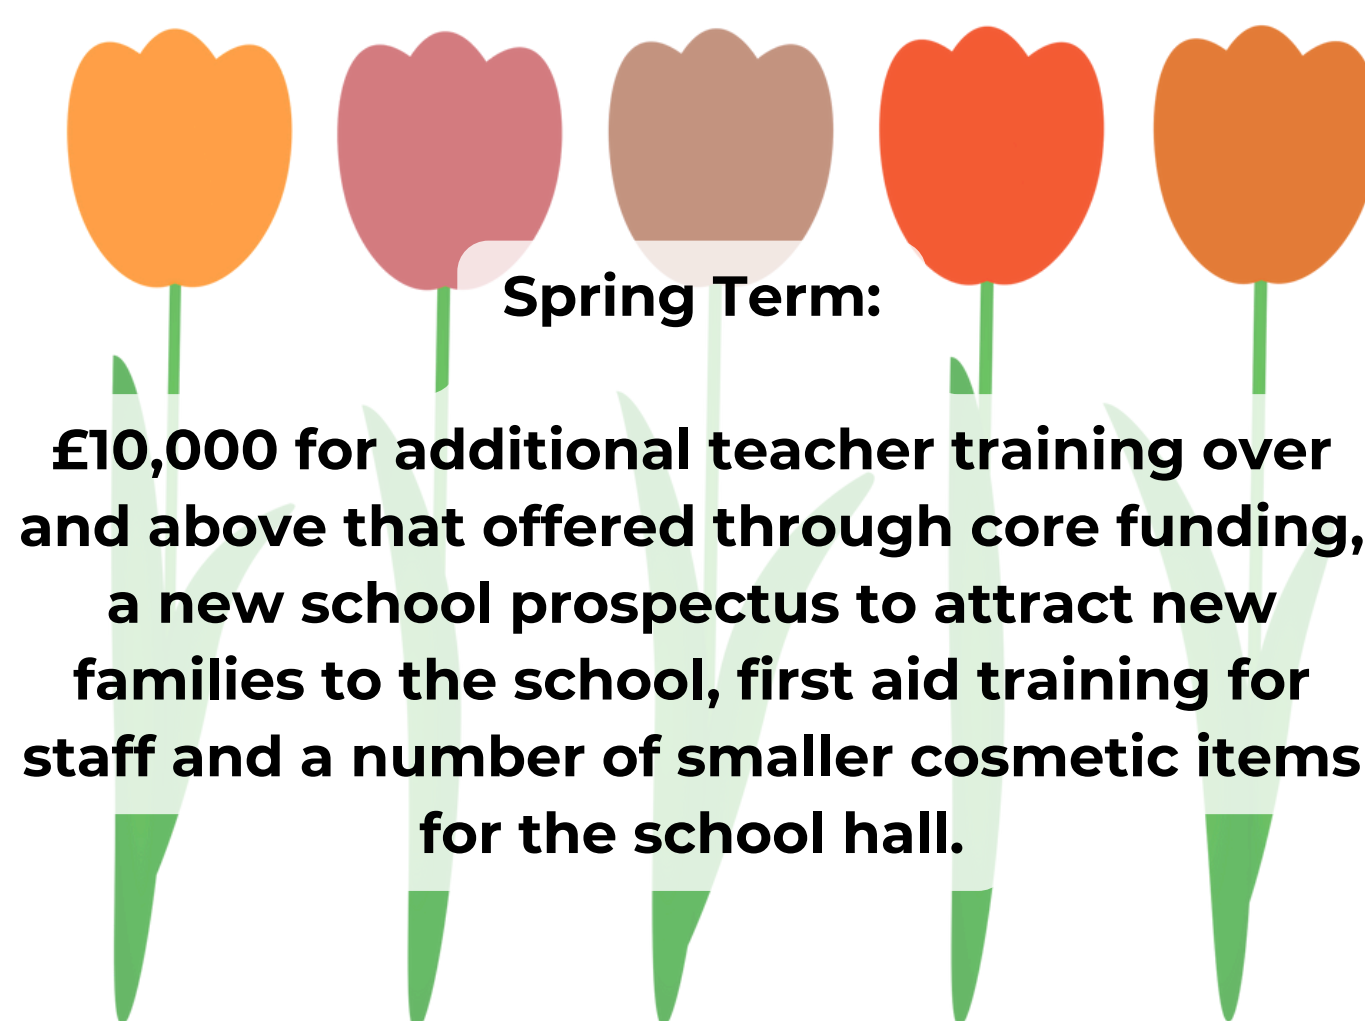

As we come to the end of the academic year we want to say a huge THANK YOU to everyone who has supported Friends of Manland. Through regular donations via the direct debit scheme, one off donations to our "Great Manland Makeover" Appeal and the donating of your time and expertise which helped to make the Manland Olympics such a huge success. We could not do any of this without your generosity. We must also thank the HSA who continue to support and encourage FOM with their knowledge and resources.

As a result we are to delighted to say we have been able to make the following donations to Manland this year:

Autumn Term:

£7,500 for education subscriptions used across all year groups.

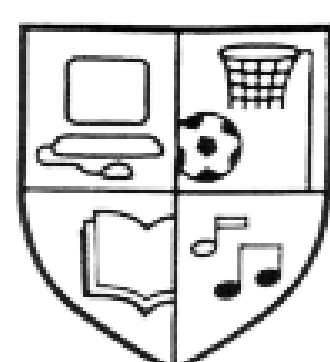

Spring Term:

£10,000 for additional teacher training over and above that offered through core funding, a new school prospectus to attract new families to the school, first aid training for staff and a number of smaller cosmetic items for the school hall.

Summer Term:

£16,000 to cover the cost of new flooring and blinds for all the classrooms and the staff room.

**FRIENDS OF
MANLAND**

We know that these donations will all have a significant positive impact on the pupils educational experience at Manland and we are incredibly grateful to every single one of our donors who have helped make this possible.

It's not too late to show your support to FOM this year! Please do consider even a small end of term donation towards The Great Manland Makeover, it all adds up.

We would also love to gather some extra hands for The Manland Helpers, if you can donate any of your time this summer it would be hugely appreciated.

A lick of paint is needed in our classrooms, so that the new flooring and blinds can be installed ready for the children to join their new classrooms in September!
