

## **Chess Club Information**

### **The Checkmate Club of Manland Primary School**

#### **Let your child discover the beauty of chess!**

At *The Checkmate Club*, we offer a fun and enriching chess experience where children learn more than just moves on a board.

Our club focuses on:

- Learning exciting tactics and strategies
- Building confidence and concentration
- Encouraging healthy competition
- Exploring new and creative ways to play over the board

Whether your child is a complete beginner or already has some experience, our sessions are designed to help them grow and enjoy the game!

#### **Why Join The Checkmate Club?**

Playing chess with other children gives them the chance to apply what they've learned in a relaxed, pressure-free environment. Every child progresses at their own pace—building focus, resilience, and critical thinking along the way.

Over time, you'll begin to see the lasting benefits chess brings to your child's development.

#### **Now enrolling for Summer Term 2025!**

We warmly invite you to register your child for a place in our upcoming term.
